**Schedules**: Students will receive a copy of their schedules for next year before the end of the school year. Changes must be made before the school is out and not during the summer or when school begins in August. Counselors will be checking grades/transcripts to make sure students are meeting diploma requirements and make adjustments accordingly.

**Summer School: 10**<sup>th</sup>, **11**<sup>th</sup> **or 12**<sup>th</sup> **graders** that want to make up a required class for graduation in summer school should see their counselor ASAP.

### Juniors:

If you took the SAT at school on April 9th, your scores will be posted in your online account at <a href="https://www.collegeboard.org">www.collegeboard.org</a> and uploaded to your transcript.

Sign up for the ACT or to retake the SAT now! Visit <a href="www.collegeboard.org">www.actstudent.org</a> to sign up and practice. The SAT costs \$47.50 w/o writing and \$64.50 with the writing. The ACT without writing costs \$50.50, and with writing costs \$67. Students should take the writing portion at least once. See your counselor if you have demonstrated financial need, are on free/reduced lunch, or a 21st Century Scholar and would like to request a waiver to pay for the tests.

### Seniors:

Stay on top of your grades through teacher contact and RDS. Study for final exams in May! FYI - Seniors who don't earn all required credits by Thursday, May  $16^{TH}$  AT 3:00 P.M. will not be allowed to walk at graduation! Don't let this be you!

Counselors will be meeting with seniors during Government and Econ classes April 22 & 23 to go over some end of the year reminders, including scholarship information. Make sure you gather together proof of scholarship offers, even from colleges you are not going to attend. We will recognize all documented accepted offers on Class Day, Friday, May 17<sup>th</sup>. Keep applying for scholarships! Watch the scholarship bulletin. It is not too late to apply for college, but you need to see your counselor ASAP. In late April, early May, all seniors need to log onto <a href="www.parchment.com">www.parchment.com</a> and complete a transcript request, selecting: **HOLD FOR GRADES** for your final college choice, ONE choice. Then your transcript will be sent after graduation to verify your graduation. This is mandatory for all colleges and will cause you problems next fall if you do not have your transcript sent this spring.

# North FIRST Robotics Team has Successful Rookie Season

North High School robotics began its Rookie Season of FIRST Robotics this year. The rookie team was very successful. The students learned more than just robotics and engineering. They also learned the business aspects and were fortunate enough to have mentors from several local companies and manufacturing

facilities including: Toyota, Berry Global, Ciholas, Spurling Properties, Moore Metal Works, Bristol Myers, and One Main Financial Group. Throughout the season, students got the opportunity to receive a robotic challenge, 6 weeks to develop, build, and test a solution – and then compete in two competitions. They earned the Highest Rookie Seed twice and also earned their way to the State Championships in which they finished #13 in the State. If you are interested in learning more about our robotics program, please email Mr. Brian Bobbitt at brian.bobbitt@evsck12.com.

# NHS Unified Bowling Team Competes in Indianapolis

The NHS Unified Bowling team participated in the Special Olympics/Unified Champions State bowling tournament in Indianapolis. This is the first time that a team from NHS has participated. NHS had three teams participating. Our Unified Bowling teams did awesome and placed 6th in the state! Congrats to our Unified Bowling teams!

# Success at World Language Bowl

On Thursday, March 21, University of Southern Indiana held their annual World Language Bowl. NHS French AP/CAP students participated and brought home 2nd in the overall competition and First Place in the annual Video Competition. They chose to do a rendering of Guy de Maupassant's La Parure (The Necklace). View their amazing video at the link below:

Ceramics was awarded \$492.66 from the Rotary/PEF/Love Foundation. We will use these funds to replace current hand tools. This will ensure that every student has their own set of tools each day. Thank you to Rotary/PEF/Love Foundation for your continued support!!

The NHS Student Lead Athletic Council along with the Husky House has been working hard to become a Champions Together Banner school. NHS has been a banner school for the past 2 years. We would like to continue this tradition. In order to become a banner school, NHS must complete the following items.

 All school sponsored activities must be planned, organized and administered by an Inclusive Student Leadership team that strives to do things WITH students with intellectual disabilities NOT FOR them.

The school must participate in at least one activity designed around Whole School Engagement that promotes and encourages awareness, respect and inclusion of persons with intellectual disabilities.

- The school must organize and participate in at least one Unified Sports activity such as IHSAA Unified Track & Field, Unified Bocce, Unified Flag Football, or Unified Bowling, a Unified practice or clinic, or a Unified competition with students with intellectual disabilities OR local Special Olympics athletes.
- Fundraising the school must raise a minimum of \$1500 for the Champions Together program. This year for the Gold banner we have to raise \$3000.

We are almost finished with our list, but still need additional funds in order to raise the minimum amount needed. If you would like to make donations to help us complete this task, please contact Leslie Shadrick in the NHS Athletic Office.
